[www.streamlyne.com](http://www.streamlyne.com)

<sup>1</sup> For more than 3 years, Streamlyne has had zero unscheduled downtime.

<sup>2</sup> To preserve its integrity, Streamlyne does not customize its core software. Through its customization framework and plugins, it can accommodate select customizations that run in isolation and while syncing with the core software.

<sup>3</sup> Banner, Workday, Oracle, and dozens of others.
